

Farhan Labib

Date of birth: 2002/07/29 | **Nationality:** Bangladeshi | **Gender:** Male | **Phone number:** (+880) 1300972969 (Mobile) | **Email address:** labibf2580@gmail.com |

Address: Ibrahimpur Ashi Dag Almodina Mosjid, Kazipara, 1216, Dhaka, Bangladesh (Home)

ABOUT ME

Computer Science and Engineering graduate with strong interests in Artificial Intelligence, Data Science, and Machine Learning. Experienced in Python programming, deep learning, software development, and data analysis through academic research, practical projects, and a professional internship.

EDUCATION AND TRAINING

2022/01/08 – 2026/07/27 Dhaka, Bangladesh

BACHELOR OF SCIENCE IN COMPUTER SCIENCE AND ENGINEERING University of Asia Pacific

Website https://uap-bd.edu/ | **Field of study** Computer Science and Engineering | **Final grade** 3.14 / 4.00 |

Level in EQF EQF level 6 | **Number of credits** 162

2018/04/03 – 2020/01/04 Dhaka, Bangladesh

HIGHER SECONDARY CERTIFICATE Monipur Uchcha Vidyalaya and College

Field of study Science | **Final grade** 4.83 / 5.00 | **Level in EQF** EQF level 4

WORK EXPERIENCE

BACKEND DEVELOPMENT INTERN – WOLAST TECHNOLOGIES LTD. – 2025/08/01 – 2025/10/31 – DHAKA, BANGLADESH

- Developed scalable backend services and integrated RESTful APIs.
- Managed database architecture and optimized query performance.
- Worked on core backend tasks, debugging, and system maintenance.

THESIS

Sleep Stage Classification Using Deep Learning Models Based on EEG Signals

Developed a deep learning–based system to automatically classify sleep stages (W, N1, N2, N3, REM) using EEG signal data. Implemented the model in Python with data preprocessing and signal segmentation techniques, achieving 77.17% classification accuracy on a public sleep dataset | **Source Code**

PROJECTS

Portfolio

An interactive digital showcase of my technical skills, academic background, and full-stack development projects | **Portfolio Link**

E-commerce Website Development using Django

Built a full-featured e-commerce website with product listings, cart, checkout, and user reviews using Django, HTML, CSS, and JavaScript. This is my own project | **Live Link** | **GitHub Link** | **Python**

Catch the Egg

A simple interactive game developed in C++, where the player catches falling eggs to score points | **GitHub Link** | **C++**

SKILLS

Programming & Web Technologies

Python (computer programming) | JavaScript | Python Django Web Frameworks | C++

AI & Data Science Competencies

Artificial İntelligence | Machine Learning | Computer Vision | Deep Learning | Digital Image Procesing

Tools & Development Environments

IDE: Visual Studio, Pycharm, Jupyter Notebook | Git/Github, Docker, Gitlab | R, R Studio, R Markdown

LANGUAGE SKILLS

Mother tongue(s): **BENGALI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B1	B1	B2

CERTIFICATIONS

University of Asia Pacific

UAP Intra University Programming Contest

Participated in the university-level competitive programming contest focused on algorithmic problem solving | **View Certificate**

VOLUNTEERING

2022/11/06 – 2022/11/11 Dhaka

Volunteer – ICPC World Finals Dhaka 2022

Assisted in organizing the ICPC World Finals 2022 held in Dhaka at the University of Asia Pacific.
